Boxes w/Cushions

Custom Crates

BIISCO is a service-oriented distributor and converter of protective packaging, load containment, and insulation solutions used in almost every major industry and business segment including: agricultural, food and fiber production, mining and hydrocarbon production, transportation, high technology manufacturing, healthcare industries, recreation and leisure markets, defense contractors, the construction industry, and various governmental procuring agencies. Approximately forty to fifty percent of the products sold are custom produced products with the balance being distributor items from stock.
